FACIAL TISSUE

The Names That Say It All

Kimberly-Clark* Facial Tissue

Nothing says 'Quality' better.

- Super soft and smooth tissues are gentle on the skin.
- Tissues are extra-absorbent and strong hence wipe thoroughly.
- The tissues do not shred and stick to skin eliminating overuse & frustration.
- Convenient, One-At-A-Time, continuous dispensing reduces wastage.
- Unique poly-sheet inside the box protects the tissues against dust.
- Tissues are of consistent sheet size and quality.

Standard Facial Tissue

Standard Small Roll come with cost and image problems, which can be a matter of concern to you..

- Poor wet strength causes tissues to shred and stick to the skin leading to wastage and frustration.
- Small sheet size makes the user use more number of tissues than actually needed.
