Kimberly-Clark Professional

Kimberly-Clark is a US \$16 Billion Global Consumer and Professional Products Company employing over 64,000 people worldwide. Our Tissue, Personal Care and Healthcare products are manufactured in 42 countries and sold in more than 150 countries. We are home to some of the world's most trusted and recognised brands, including KLEENEX®, SCOTT®, WYPALL®, HUGGIES® and KOTEX®. Nearly one-fourth of the world's population use Kimberly-Clark products each year. We have been one of Fortune Magazine's "Most Admired" corporations since 1983 and were recently named to its list of "100 Best Companies to Work For in America".

Recognising the needs of the Indian market and backed with years of research and learning, Kimberly-Clark Professional products were launched targeting Institutional customers during 1995. Since then, Kimberly-Clark Professional has been doing pioneering work with leading Indian customers like Airlines, Prestigious Hotel Chains, Food Service Outlets, Corporate Offices, Entertainment Centres and Health Care Facilities.

Kimberly-Clark Professional is reputed in India for:

Kimberly-Clark Hygiene Products Private Limited is a wholly owned subsidiary of Kimberly-Clark Corporation.

- *National presence of extensive distribution channel partners covering the length and width of the country.*
- *Dynamic team with consultative approach to customer problem solving and providing innovative services such as on-site need analysis & cost-in-use analysis.*
- *Prompt deliveries and reliable after sales service - on time, complete and consistent quality.*
- *On line Customer Care Service and Toll-Free Customer Care Line to provide ready information and assistance.*

Over the past years we have pioneered in India innovative products such as the Folded Paper Towel System, the Skin Care System, the Jumbo Roll Tissue System. We recently revolutionised the conventional Roll Bathroom Tissue category with the Hygienic Bathroom Tissue System and the Folded Napkin System category with the Pop-Up Napkin System.

*We would be delighted to assist you maintain and improve the image of your washrooms, increase cleanliness, improve efficiency & hygiene standards, reduce waste and save time & money - **all while delivering exceptional performance and better value for money!***

Breeze**

WINDOWS[®] MICROMIST 3000

Features :

Benefits

- | | |
|---|--|
| <ul style="list-style-type: none"> ¹ Flexible programming options | <ul style="list-style-type: none"> - Can be customised to operate 8, 12, 16 or 24 hrs a day |
| <ul style="list-style-type: none"> ¹ Realtime 24hr clock | <ul style="list-style-type: none"> - Can be programmed to operate over 5, 6 or 7 days, thereby controlling and reducing refill costs. |
| <ul style="list-style-type: none"> ¹ LCD display for <ul style="list-style-type: none"> - Battery indicator - Alarm symbol - Fragrance refill indicator | <ul style="list-style-type: none"> - Indicates when battery needs replacing - Audio alarm option to cue / indicate when either battery or refill needs replacing - Shows how many days remain before refill needs changing |
| <ul style="list-style-type: none"> ¹ Compact Dispenser | <ul style="list-style-type: none"> - Dispenser is compact and discreet |
| <ul style="list-style-type: none"> ¹ Microtron™ Technology | <ul style="list-style-type: none"> - Microtron™ are micro molecules which penetrate and break down the structure of large malodors into small molecules of a neutral base, allowing fragrance to permeate the room - MicroMist micro molecules float longer and have the longest lasting fragrance |
| <ul style="list-style-type: none"> ¹ Ethanol Solvent | <ul style="list-style-type: none"> - Ethanol is the safest ingredient that can be used for aerosols - Unlike methanol solvents, this ingredient is not a fatal poison and will guard your safety & health |

WINDOWS[®] MICROMIST 3000

MicroMist Technology at work :

Action : "Micro molecules" float significantly longer
Result : Longest-lasting fragrance neutralising odour

Action : "Micro molecules" disperse better with air flow
Result : More coverage for fragrance & odour neutralisers

Action : "Proprietary Microtrans" odour neutralisers attack and neutralise unpleasant & unavoidable odours
Result : The washroom is odour free!

Action : The long-lasting MicroMist results in :
Eliminating Malodors from your restroom, leaving it smelling clean & fresh
Result : A clean fresh fragrance creates an image of hygiene
